

# Heymann Homeworking Menu - Year 2- Week Beginning: 11.5.20

In the table, there are lots of different homework activities to choose from.

You must complete the green boxes each week.

At least one 4-star activity should be completed each week. You can choose to do whatever you like each week. However, you must try to earn 20 stars by the end of the week. When you have completed an activity and a parent has checked it, you can colour the number of stars you have achieved.

## Maths

It's time to learn about the time!

Using a clock in your house, get someone to test you on the different times.

Can you do 'o'clock, half past and maybe even quarter past and quarter to?

If you fancy a real challenge, can you tell the time to the nearest 5 minutes?

Remember, the long hand is the minute hand and the short hand is the hour hand!

BBC Bitesize has a useful video you could watch here:

Perhaps you could create a timetable of the different things you do in a day and check what time you do them? You can record this in your home learning book.

## English

Last week, you listened to Miss Handley read the story of 'The Day the Crayons Quit' on our web page.

This week we would like you to write a letter to Duncan from a different coloured crayon.

**Check out the powerpoint** to read an example from a silver crayon, alongside a checklist of what you should include in your letter.

Why is the crayon writing the letter? How is it feeling? We suggest you write down some ideas first.

Don't forget to include your contracted words using an apostrophe, such as I'm, I've and it's.

We look forward to reading them!

## PE

### Netball

Have a go at the Notts School Workouts #stayinworkout. This week's focus is netball and ball skills. There are a range of fun activities for each day for you to try out! You'll find the information on this week's Year 2 web page.

Don't forget, you can always log into Fitter Future for lots of different activities too!
