

Nocturnal Animal Research

To research nocturnal animals, you might want to think about:

- What do they eat?
- Where do they live?
- What makes them special?
- How do they behave?

You could use books, the internet, ask people you know or use the resources on the website to help you. Remember, you could have a look on Scholastic or Oxford Owl to see if there are any helpful books there.

<https://www.youtube.com/watch?v=7fBSL5gpe8M>

Think about how you want to present your video to your teachers. You could:

- Make it a news report
- Make it a documentary like David Attenborough
- You could dress up
- You could have props or puppets
