

Useful links:

ITP resources - <https://mathsframe.co.uk/en/resources/resource/90/itp-clock> Interactive maths resources e.g. moveable clock, weighing scales, capacity etc. Choose your topic and then play the game to have a play with reading scales and learning maths interactively.

Twinkl – <https://www.twinkl.co.uk/> - an amazing resource and you can get a month's free premium membership, which gives access to full topic packs, using the code IRLTWINKLHELPS.

BBC – <https://www.bbc.co.uk/bitesize> and the normal BBC website - great for lots of things and video clips relating to their respective topics of Romans (Yr3).

You tube- www.youtube.co.uk - don't underestimate this one! Horrible Histories: Rotten Romans and lots of other educational videos.

Top marks – Interactive games- maths & English – e.g. hit the button, coins, place value etc.
<https://www.topmarks.co.uk/>

TT Rockstars - <https://trockstars.com/> - requires your school login but it's a really fun way to learn and revise times tables using interactive games.

Spelling shed - <https://www.spellingshed.com/> - Spellings will be set weekly for the children to practice. You could get the children to write their spellings in sentences to show understanding and practice spelling rules.

Crickweb – free interactive online resources and games <http://www.crickweb.co.uk/>

My maths – Use your normal log in - <https://www.mymaths.co.uk/>

Pobble - www.pobble365.com - this website supports children's writing by displaying an image (which changes daily) and inviting children to undertake a range of creative writing activities inspired by the image.

British Museum - <https://www.britishmuseum.org/learn/schools/ages-7-11> - Follow the link and it will take you to the schools page. Have a look down the page and find sessions and resources that you can download; Virtual tours available for some topics too.

Katies classroom - www.katiesclassroom.com - probably the site I'd recommend the most and Katie is currently offering a month's free subscription with the code 1MFREE. Going forwards there's a small yearly subscription fee. especially for the video-recorded maths lessons by teacher Katie, who explains it all so clearly and easily that even I get it (honestly, no mean feat)! Downloadable worksheets, etc., too!

Primary resources - cover all subjects and have always been completely free. It's a site where teachers share powerpoints and activities to teach different subjects. Once you've chosen your subject and the specific area, you can then select the appropriate year group. <http://www.primaryresources.co.uk/>

Kids Activities blog - This website has lots of fun activities to keep your little ones entertained and also some good advice about how to teach your children about what's happening right now in the world.
<https://kidsactivitiesblog.com/>

Scholastic are offering free online articles and questions to keep your children reading and learning comprehension skills. <https://classroommagazines.scholastic.com/.../LAH-letter-fami...>
