

# Heymann Easter Egg Challenge!

Here are your challenge activities for Easter.

Colour the egg in when you have managed to complete the activity.

Can you collect all 6 eggs?

Feel free to take photos and send them to us!

Take part in an Easter Hunt.

This could be working with others to find treats or things around your home or your family could decorate cardboard egg shapes and hide them!

Make a treasure map!

This could be an island you make up or it could be used in your egg hunt!

Help set the table for dinner and clear up afterwards.

Your parents can decide how many times you need to do this.

Make a box model of your ideal home using things from your recycling.

This could be a castle, tower, your own home or anything!

Make a bug hotel - google it or use the link:

<https://schoolgardening.rhs.org.uk/resources/activity/make-a-simple-bug-or-ladybird-home>

Throw and catch a large ball with a family member. Can you get to 20 without dropping it?
