

### National Geographic indoor safari

<https://www.nationalgeographic.co.uk/animals/2020/04/stuck-inside-take-an-indoor-safari>

There are over 500 types of bugs that could be living in your home! Use the National Geographic to learn what you might be sharing your house with. Look at what others are finding around the world. Have a try at identifying or drawing what you find. There are some tips on this website:
