

On the next sheet, you will see the Spanish for the days of the week and the months of the year. For this week's work, I would like you to spend some time practising how to say the Spanish. I would also like you to try to learn the days / months in Spanish.

Perhaps you could make up a song or put the Spanish days/months to a tune that you already know. Nursery rhymes are usually good for this. You could try look, cover, spell, check or make yourself some flashcards with the days and months in Spanish on them.
