

Me llamo.....

WALT: To recognise the Spanish months of the year. Fill in the month by month calendar with the Spanish months and draw a picture of something that represents that month to you. For example, you could draw a heart in February (febrero) for Valentines Day. Use the months in the box at the bottom to help, you can tick them off when you've used them.

WILF: Bronze: I can write the Spanish for the months out in the right order and can draw a picture for each month.

Argent: I can also spell all of the months correctly.

Or: I also know that Spanish months do not have capital letters.

enero	_____	_____
_____	_____	_____

junio	noviembre	marzo	agosto	enero
abril	mayo	febrero	diciembre	
	septiembre	julio	octubre
