

Over the last 2 weeks we have been looking at the artist Eduardo Kobra and the style of his art. Last week you should have decided on your inspirational person and sketched them. This week we would like you sketch the kaleidoscope pattern over the top of your inspirational person and then choose whether you paint/colour the kaleidoscope pattern in. Be careful when you are painting/colouring the kaleidoscope, that you choose bright colours but apply them faintly. If your colour is too thick, you will not be able to see the sketched person underneath. Good luck and enjoy, we very much look forward to seeing your finished pieces of art.
