

# **MRS HUSSAIN'S PHONICS GROUP**

**PHASE 4**

- Now we are in Phase 4, we learn to read and spell words that have consonant blends (also called adjacent consonants), which means there are 2 separate consonant sounds next to each other. E.g. **bel**t****, **vest**t****, **clap**, **fl**a**t**. 'Duck' does not have a consonant blend, because the ck at the end only makes one sound.
- This week we are going to practice words that have a consonant blend at the end first (e.g. **vest**t****, **bel**t****) and then look at words that have a consonant blend at the beginning.
- Work through the activities on this PowerPoint and then have a go at the activity afterwards.

Say these words first, and then write them in your home learning book.

Answers. What are the  
sounds at the end?

sand

hand

ink

belt

tent

gift

milk

lamp

- Now we are going to look at **initial consonant blends** where they appear at the beginning of the word.

- Watch this video

<https://www.youtube.com/watch?v=cS8bvbyVWFZ4>

- Now **SAY** these words

# Answers

grass

bridge

glass

flag

plane

pray

# **THIS WEEK'S SPELLINGS ARE A MIXTURE OF INITIAL CONSONANT BLENDS AND FINAL CONSONANT BLENDS**

**1. grass**

**2. flag**

**3. pray**

**4. plane**
