

Homework set 10.9.20 - Homework due 24.10.20

To kick-start our topic of 'The Stone Age to the Iron Age', we are setting a project for the children to discover more about this era.

This will be a 2-week project, where the children will eventually present their project to the rest of the class and share the information that they have found out. We would love for the children to present their projects on either A4/A3 piece of paper, as this will eventually form a display in our classroom. We ask that projects are no bigger than A3 so that we can fit them all on display. Below are some potential topics that you might want to explore as part of your homework:

- Where people in the Stone Age lived
- What did they wear? How is their clothing different to clothing now
- What food did they eat?
- How did they get their food? Could they go to a shop like we do now?
- What tools were used in the Stone Age?
- How did life change from the Stone Age to the Iron Age?
- What animals existed in the Stone Age?
- How long ago was the Stone Age?

We would love for you to be as creative as you can with this project and organise it however you like. Seeing your projects is one of our favourite things as teachers! We cannot wait to see what you come up with and have fun with it!

Miss Bradley, Mr Sills and Miss Penfold.
