

THE DANGEROUS STONE AGE

By Mya Henry

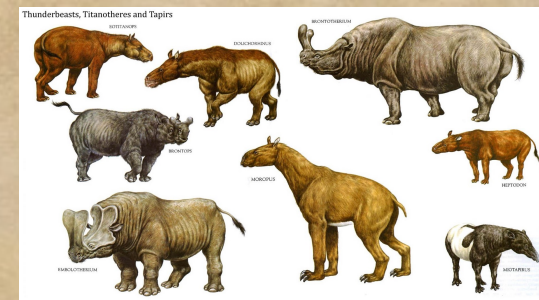

A long long time ago an amazing time was made by primitive people it was called the Stone Age. It started 2.6 million years ago. there are three parts of the Stone Age: Palolithic, Mesolithic and Neolithic but I'm not done yet also Iron Age and Bronze Age.

Conte

What jobs do they do? 1
What do they eat? 2
How do they get food? 3
Where do they live? 4

WHAT JOBS DO THEY DO?

They make
jewellery. skinning
a deer. Scraping
the hide clean.
Drying it. cutting
it. piecing holes in
it. Sewing it
together. using skin
to repair a tent

Also men go hunting
and women pick
berries

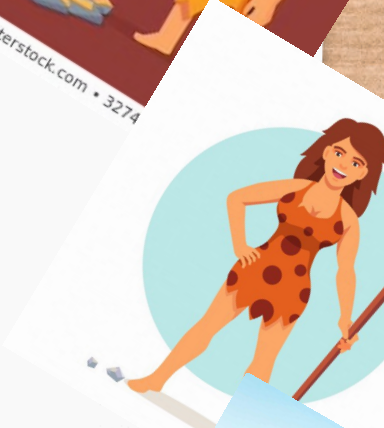

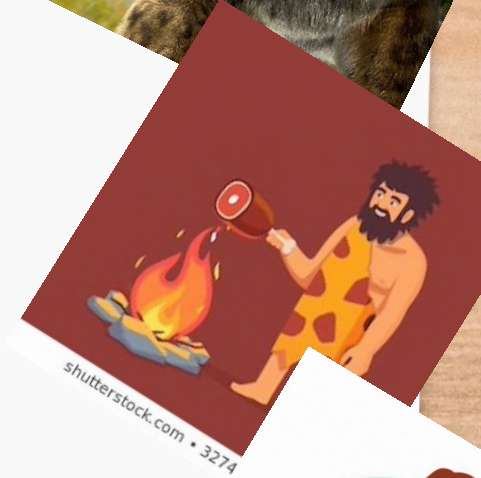

WHAT DO THEY EAT?

THEY EAT ANIMALS
BERRIES NUTS FISH
WHEAT VEGETABLES
FRUITS IT'S VERY HARD
TO GET FOOD IN THE
STONE AGE.

**HOW DO THEY GET
FOOD?**

They get food by
moving cave to cave
and following the
prey .they gotta be
super fast because
animals are faster than
humans.it takes time to
hunt animals.

We're do they live?

They lived
in round
houses and
caves they
made it out
of leaves
animals
poop sticks
and mud.
