INTRUDUCTION

1 and 2 What did they eat.

3 and 4 What houses did they live in.

4 and 5 What jobs did they do.

The Stone Age began 2.6 million years ago.It was a time that existed before history was recorded. This book will tell you about life in the Stone Age.

What jobs did they do.

In the Stone Age someone would kill a deer and make it into clothes.

They also used skins if there was a hole in a tent.

What houses did
they live in.

Stone Age people lived in caves in the Palaeolithic era .They lived in removable animal skin huts in the Mesolithic.They lived in permanent houses in the Neolithic. When they lived in permanent houses it was very easy to find food because they had farms.When they moved into a cave they had to be careful because there could be cave bears inside.

What
did they
eat.

In the Stone Age they ate mammoth ,saver tooth tigers and woolly rhinos.When hunters tried to catch a mammoth they had to scream at it and chase it into a swamp.
