# *The supper stone age*

The Stone Age  
happened around 2.6  
million years ago and  
they have cool facts  
fore you too no but in  
the Palaeolithic the  
women piked nuts and  
berries and the men  
hunted mammoths

The Stone Age started around 2.5 million years ago a long long long time ago the Stone Age people started fishing and killing animals. The Neolithic, Mesolithic, where the three time pearls Stone Age

To prepare and cook food ' they had to : grill meat ' dry fish ' dry meat ' cut meat ' They made the fire bug using twigs ,wood , and Charles , They hat to build tents and houses They made the tents out off animal skin and sharpened and knives spearheads and scraps for a wing and males skin
