Enquiry question:

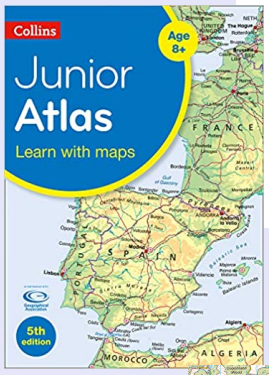
Where in the world do we live?

Our world

What can we use to look at the world?

- globes

- atlases



- google maps

- ordnance survey maps

https://www.echalk.co.uk/Science/physics/solarSystem/InteractiveEarth/interactiveEarth.html

Follow the link and choose climate zones and then explore the globe.

What is it made up of?

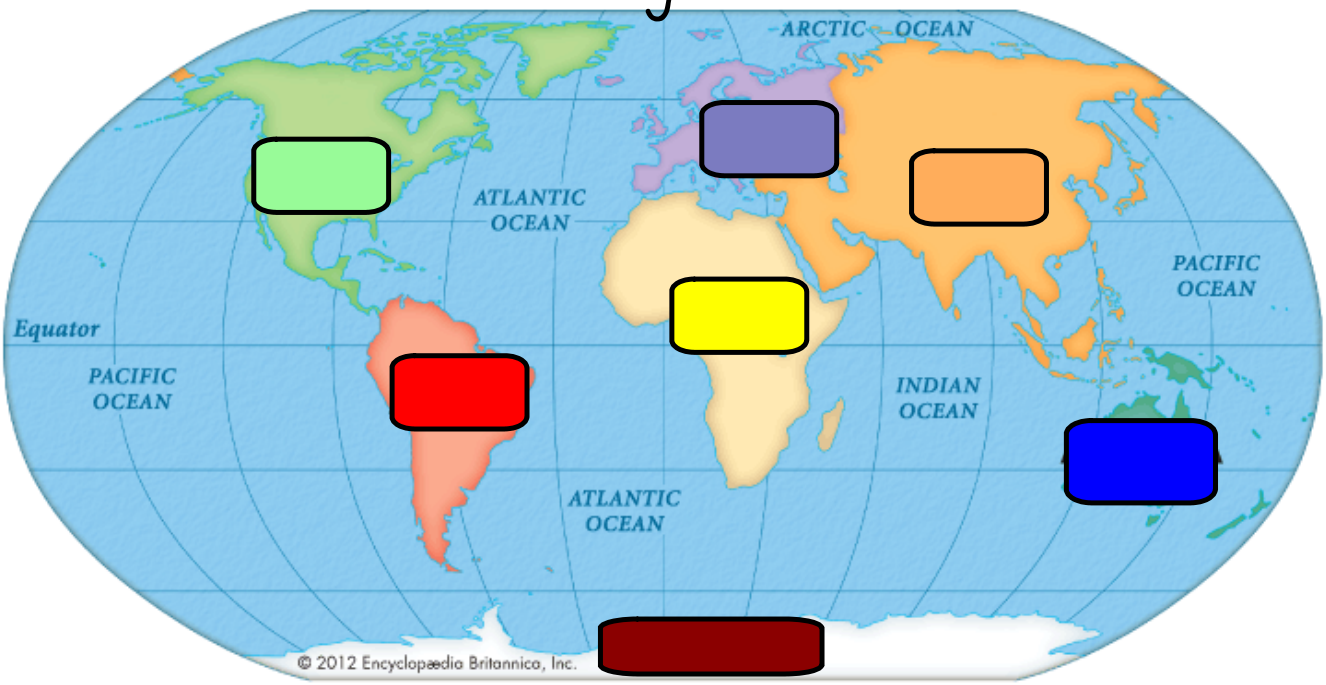
Can you find any countries you know?

The globe is made up of water and land.

That land is split up into different areas. These are organised into continents.

Continents are made up of lots of countries.

Continents of the world



Can you try to identify them?

North America

South America

Europe

Asia

Australia

Antarctica

Africa

Continents of the world

Did you get them correct?

Learn the 7 continents using this song.

https://www.youtube.com/watch?v=K6DSMZ8b3LE

We live in the continent EUROPE.

Look at the map of Europe carefully on the next page.

Have you been to any of these countries before?

Did you recognise any? Can you find the UK?

Europe
Reykjavik
Iceland
Norway
Oslo
Sweden
Stockholm
Finland
Helsinki
Tallinn

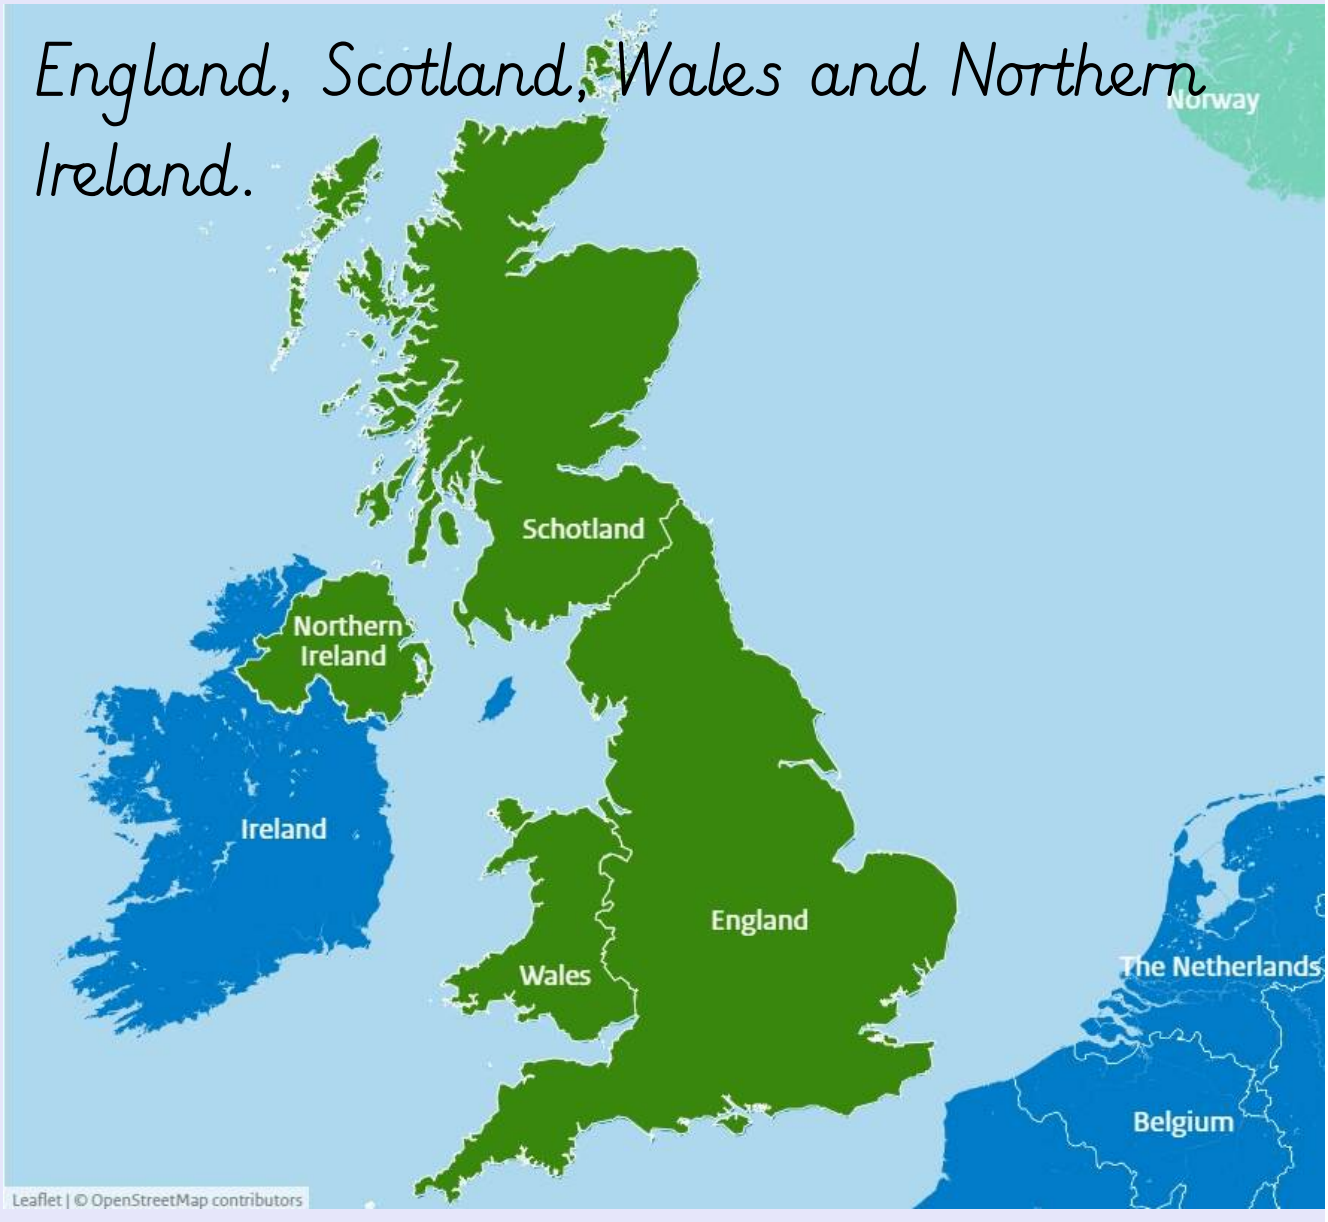
The United Kingdom is made up of 4 countries:

England, Scotland, Wales and Northern Ireland.



Today we are going to be focussing on England and identifying it's cities.

England is made up of lots of cities.

Cities have the largest area and the largest number of people living there.

There are 69 cities in the UK.

There are 51 cities in England.

Can you think of any cities in England?

Cities in England:

- London (capital city)
- Manchester
- Leeds
- Sheffield
- Birmingham
- Nottingham
- Liverpool
- Bristol
- Oxford
- Portsmouth
- Cambridge
- Preston
- Norwich
- Sunderland

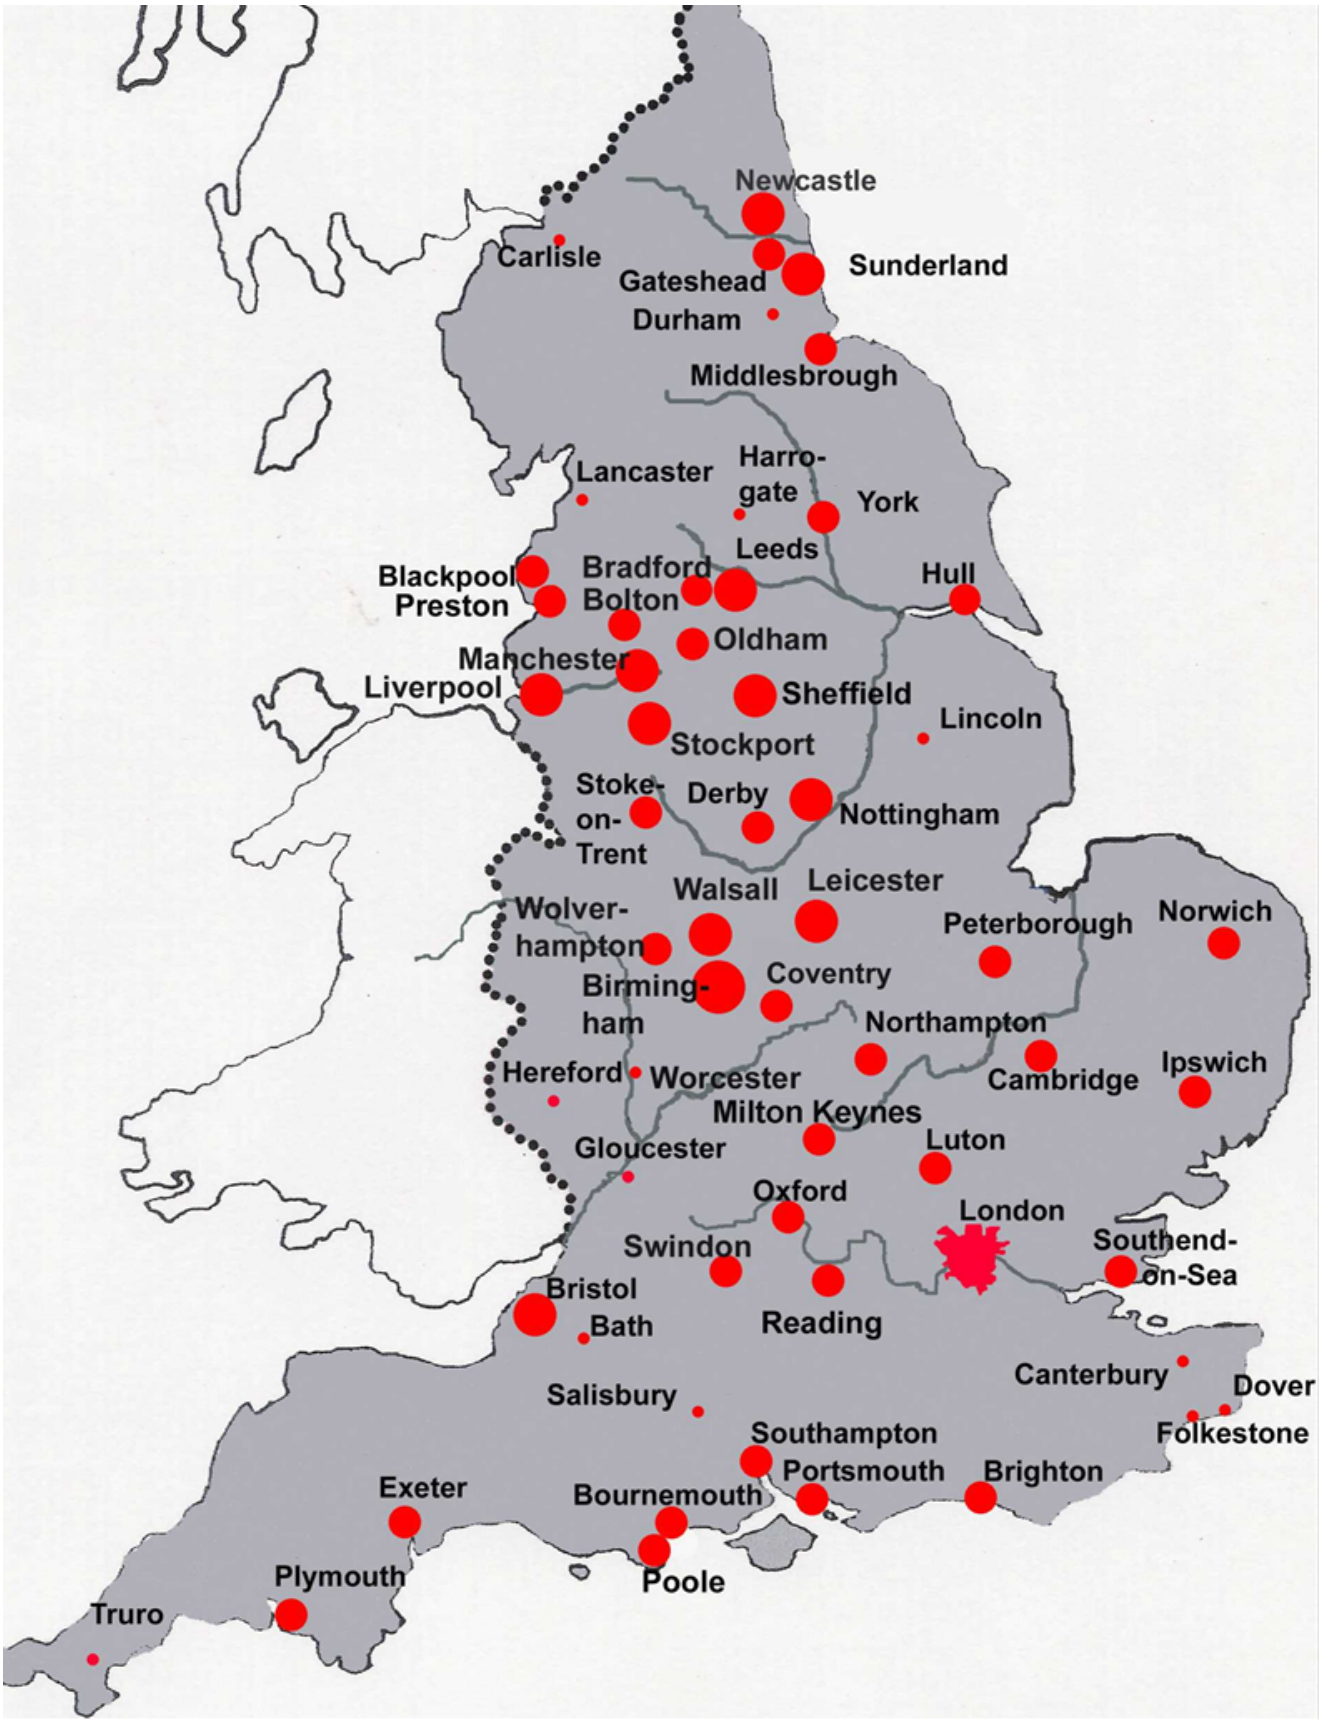
Task:

Using this map (on next page), google maps or an atlas I would like you to:

1. Fill in the box to say what country this is and the continent it is in?

2. Label the 4 countries the UK is made up of

3. identify 6 cities in England. Then try to place the cities in the correct places on your worksheet.



Newcastle
Carlisle
Gateshead
Sunderland
Durham
Middlesbrough
Lancaster
