## Good morning! - It's 13th January

### Leo's word of the day:

**fabricate**

Invent something in order to deceive.

Natalie's story about Melina throwing stones was  
completely **fabricated**!

(Think about changing the suffix!)

### Today in history:

In 2004, the world's  
largest ocean liner, The  
Queen Mary II, makes  
its maiden voyage.

### Quick Maths

$$1212.1 + 65.9$$

$$240 - 56$$

$$9 \times 9$$

$$2,987 \div 6$$

### Today's challenges

There are twelve  
trees to start with.

For every one  
chopped down,  
three are planted.

After the seventh  
tree is chopped  
down and three are  
planted in its place,  
how many treez are  
there left standing?

Use Leo's word of the  
day in a new sentence.

Can you spot the  
mistake/s on the page?
