and goals were when she was a
little girl?

- **When Jane was a little girl her father gave her a toy chimp, that she named Jubilee.**
- **Jane loved exploring the outdoors and always took Jubilee with her.**
- **She loved learning about animals and plants and dreamed about going to Africa to study chimpanzees when she was older.**
- **When she was 23 she moved to Kenya and lived on her friend's farm.**
- **Jane asked if she could have a job with a man called Lewis Leakey who was a famous scientist who studied chimpanzees.**
- **Lewis helped Jane go to university and become a famous scientist herself.**
- **Jane studied chimpanzees, and her work has allowed us to know a lot more about these special animals.**
- **Jane had to work hard to achieve her dream, and it shows that dreams can come true!**
