**Drawing writing**

©paulcarneyarts

# Learning Objectives

- Develop drawing skills.
- Improve writing skills.
- To use imagination when drawing.

# Materials you'll need

- Drawing paper or sketchbooks
- Pencils

# Information for teachers

- **Differentiation:** Extend the tasks with questions such as “What other letters might you use to add detail?” Allow sharing of ideas and pupil’s discoveries to help those struggling, e.g. “Look at how John has made the scales.”
- **G&T:** Create whole scenes using letters that have background and multiple characters.
- **SEN:** Use tracing paper over the practice sheet so that they can move and rotate it to the correct position. Place the finished picture next to them.

# Drawing tips

- Do not press too hard with your pencil
- **Use short, light, sketching movements with your hand**
- Keep your pencil sharp
- **‘Ghost’ draw the shapes with your finger on the paper first**

# You can draw pictures with letters

Can you write these capital letters? Practice first!

D

o

W

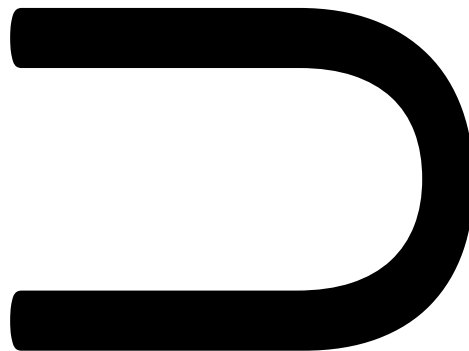

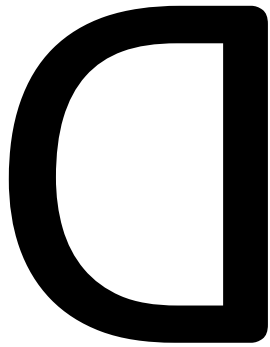

V

U

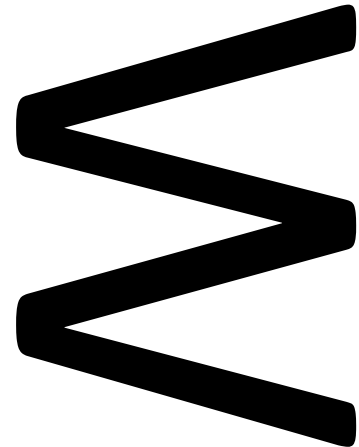

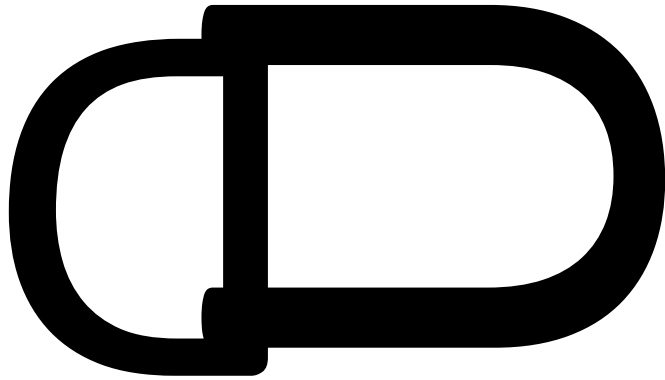

Now, on a clean page

**Draw the letter D back to front**

Draw the letter U on its side  
to connect with the letter D

Now draw the letter M or W on its side  
to connect with the letter U

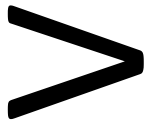

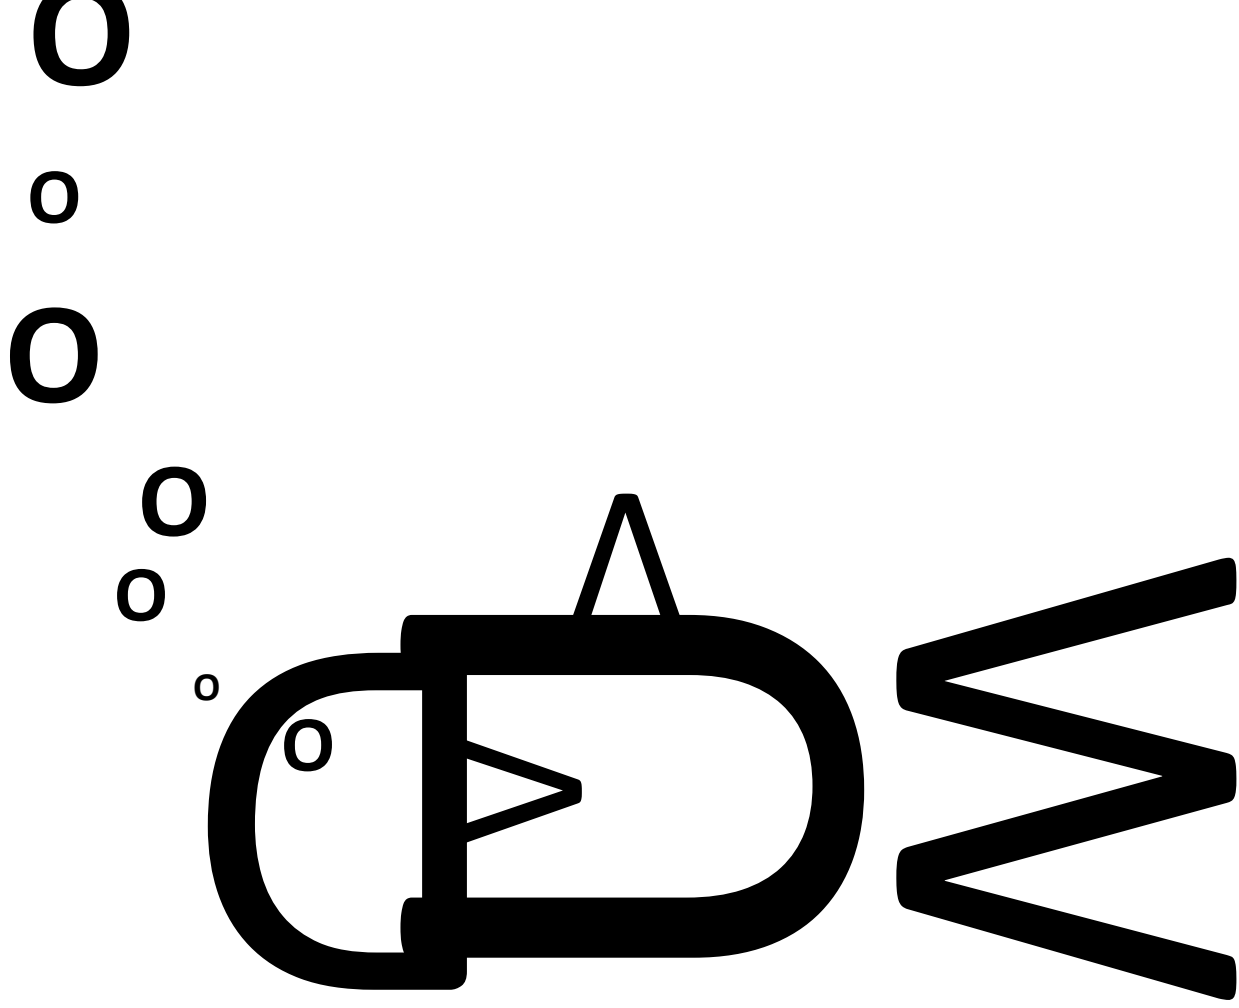

Add the letter O for an eye

o

And the letter V for fins

O

Which letter would make fish scales? Look at a picture of a fish to help you.

O

O

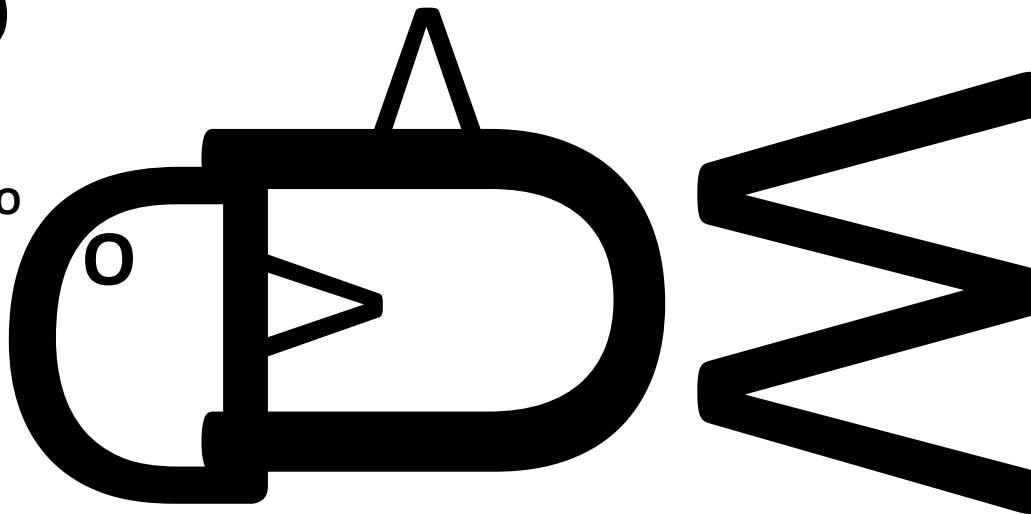

Which letter would make a mouth?

O

O

O

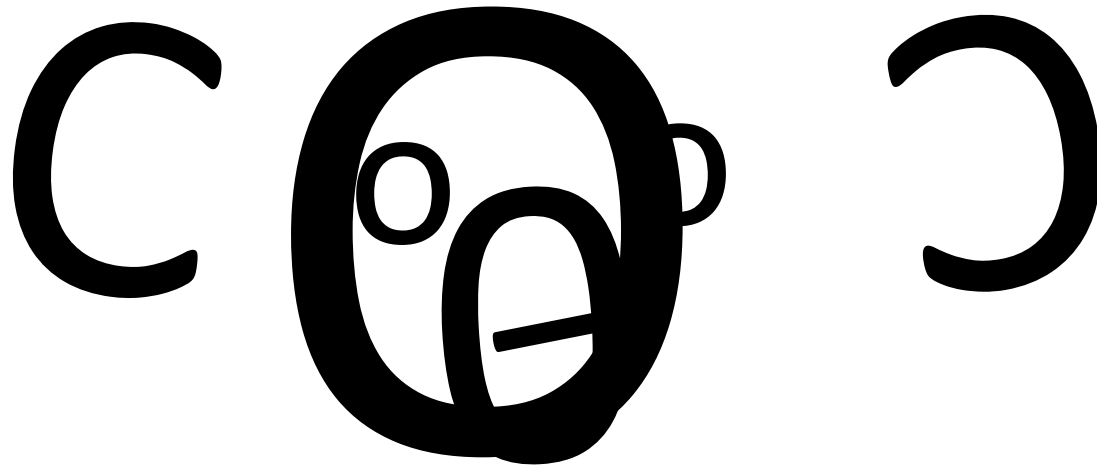

O

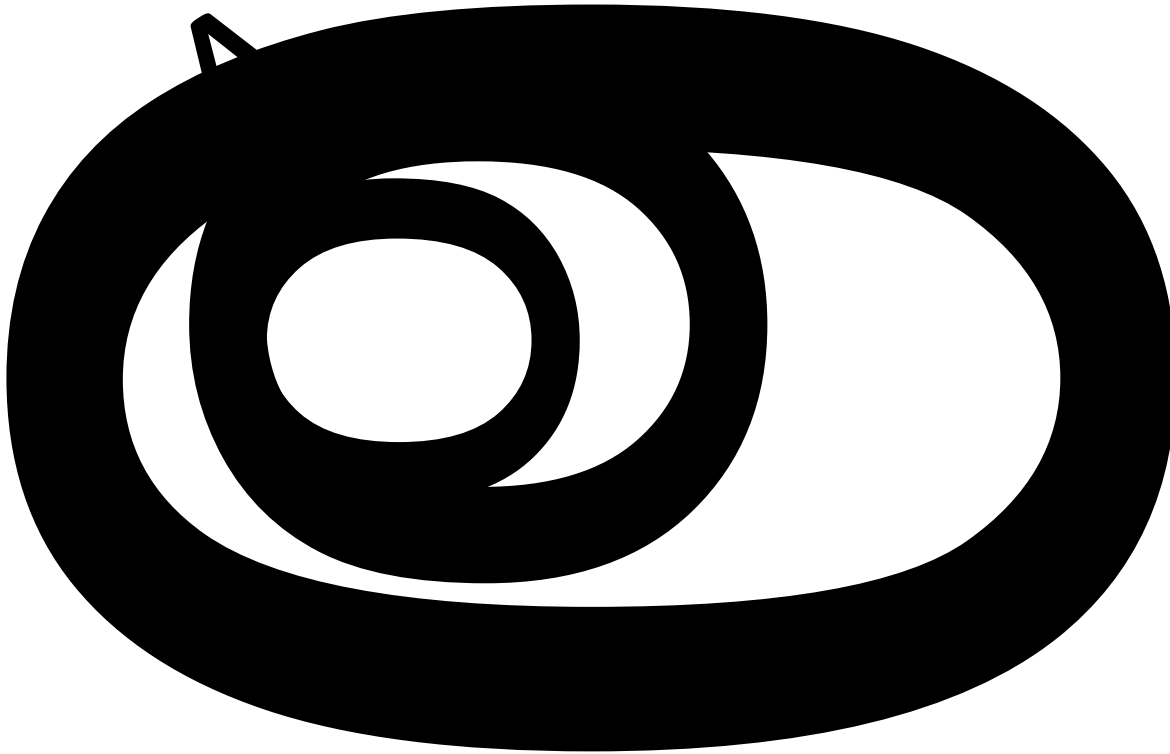

Can you change the letters or the shape of the letters to make the fish look better?

Can you draw more animals using letters?

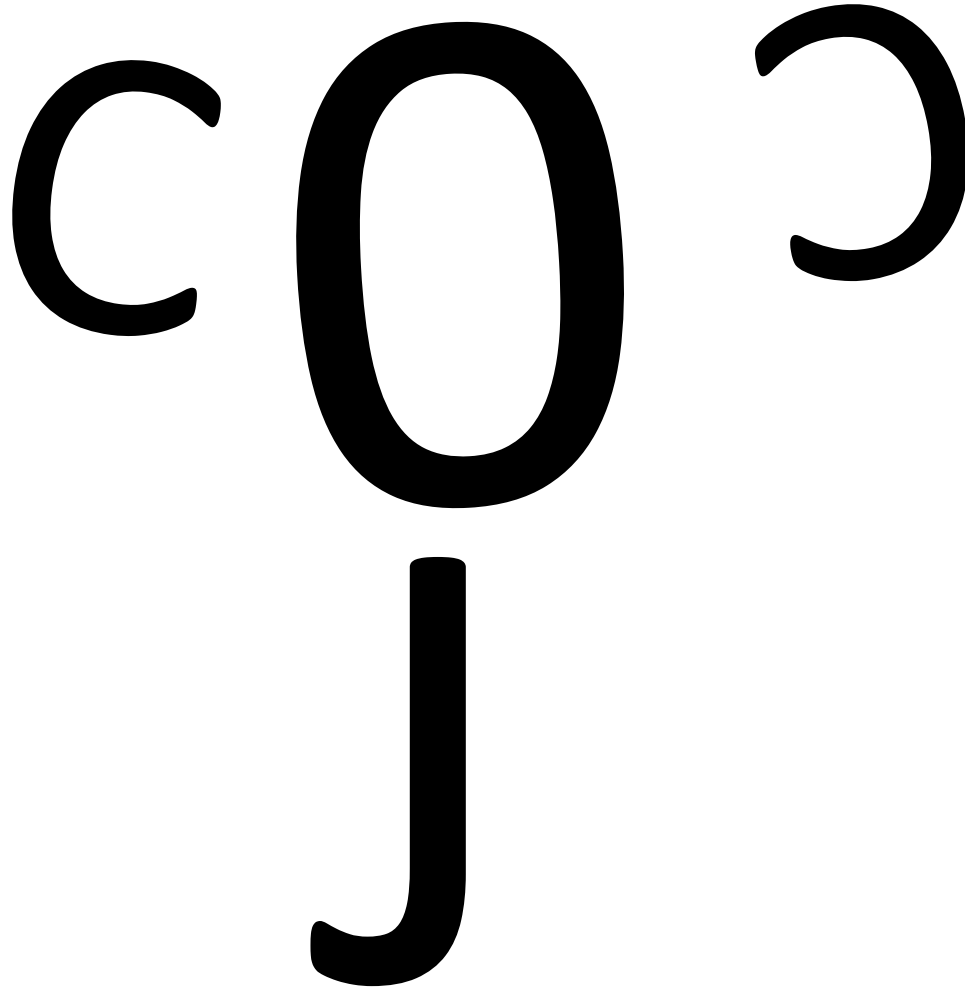

This is C- COOOOL

Can you finish this animal using letters?

Can you finish this animal using letters?

# Your Task

- Can you draw a picture using only letters!
- Be as creative as you like and see what you can come up with
- Upload your finished picture via the Teams assignment – we can't wait to see what you create!
