

Instructions for parents – Add by making 10

- 1.) If possible, **please print out the worksheet labelled 18th – maths sheet**
(If not, you can answer the questions in your home learning book)
- 2.) **Please get a piece of paper / home learning book ready with a pencil**
- 3.) **Watch the Vimeo video** following the link:
<https://vimeo.com/492195041>
The teaching slides will also be provided if you prefer it without the voiceover
- 4.) **Pause the video to answer the questions**, the answers will pop up shortly after.
- 5.) **Complete the worksheet** following the video.

Worksheet guidance:

The questions are asking you to jump from the first number to 10 in one jump, and then onwards to the added number.

For example, question 1 looks like this:

Partition the number you are adding. Jump to 10, then add the rest.

$$7 + 6 = 13$$
