

WEEK 2 - CHALLENGE

Personal Challenge

OVERVIEW

AIM: Balance a cushion on your head and complete as many sets of the challenge as possible in 2 minutes.

One set: Move from a standing to V Sit position and back to standing.

Set Up and Rules

Stand up straight in a flat space large enough for you to lay down. Balance a cushion or bean bag on your head.

Whilst balancing the cushion/bean bag slowly move into a sitting position on the floor – you can use your hands to move into a seated position but do not touch the cushion, unless it falls off!

Once seated perform a V Sit (see pictures) the cushion/bean bag still needs to be balancing on your head.

Hold the v sit for 3 seconds. Slowly return to a standing position.

COACHING TIPS: Practice v sits without a cushion and improve your core strength.

Cushion Challenge

SCORING & JUDGING
