**Your task:**

1. Re-arrange the vocabulary in alphabetical order.
2. Match the word to it's meaning in the story. *(Can be written straight into home learning books or on worksheet).*

★ **Apollo was the Greek god of knowledge. He has found these words in the story and wants to know if you can sort them out.**

★ **First put these words into alphabetical order:**

powerful  
condition  
curiosity  
unbearable  
trembling

rubies  
gown  
spite  
fled  
infested

sobbed  
pleaded  
released  
hope

*condition*

*curiosity*

★ Now match the word to its meaning in the story – the first one has been done for you.

powerful	shaking slightly
condition	dress
curiosity	something that must happen
unbearable	large numbers causing damage
trembling	cruelty, upsetting
rubies	strong and confident
gown	cried
spite	asked in a begging way
fled	unpleasant, painful
infested	set free
sobbed	escaped from, ran away
pleaded	a feeling that things will go well
released	wanting to know about something
hope	red precious stones

**Challenge:** Can you check your understanding of the vocab that you have just matched to it's definition, by using some of the words in a different sentence? (You could say these in a sentence out loud or write them down below!)
