

Maths Lessons Week Beginning 8/1/21

We are continuing with our work on fractions this week, with some games and challenges at the end of the week. This document gives an overview of the input and activities in Maths this week for those **unable** to join the live Zooms on **Monday, Tuesday and Thursday**, but would still like to access the work. Children will need their home learning books or paper and a pencil. **If your child is joining the live Zoom lessons they will be covering all of this with their teachers.**

Highlighted days = not taught on zoom

	Mon 8/2	Tues 9/2	Weds 10/2	Thurs 11/2	Fri 12/2
Objective	Non-unit fractions	Fractions of quantities	Solving problems with fractions	Maths games	Friday Challenge
Taught input	Follow the Monday Lesson PowerPoint to learn about fractions where the numerator is more than 1 (e.g. $\frac{2}{4}$, $\frac{3}{4}$, $\frac{2}{3}$)	Follow the Tuesday Lesson PowerPoint to learn about finding fractions of number and quantities.	Watch the Wednesday Lesson video to see the steps Miss Whitney takes to solve the word problem.	Follow the Thursday Lesson PowerPoint and play the games it describes (you will need a grown up or older sibling!): <ol style="list-style-type: none"> 1) Maths story challenge 2) Bingo 3) What shape am I? 	Have a go at completing the Friday Maths Challenge on our webpage. Questions 1, 2 and 3 are designed for Year 2s. The rest are great to do as a family challenge, involving older siblings and grownups too! Modelling problem solving is very useful for the children to see.
