

Safety zone afternoon

In an ideal world, we would be taking you to a Safety zone event which would cover all areas of safety for you to be aware of. However, in the absence of a physical one, we are going to try and create a virtual one for you. For each zone, there is a video and either a powerpoint or activity sheets. Take your time to lap up the safety knowledge and enjoy each zone.

1. Road safety

[Road ready? Expect the unexpected](#)
