

# Springfield Timetables (Answers)

1. 09:40
2. 11:05
3. 12:45
4. 11:35
5. 13:55
6. 17:20 Kwik-E-Mart to arrive at Moe's at 17:10. 20:30 from Moe's to arrive in Shelbyville at 22:35
7. 11:00
8. No, he will miss 10 minutes. Lunch and a movie will last more than 25 minutes so he can't get the bus until 16:45
9. Moe's at 11:35, arrive at the Power Plant at 11:55, go back at 12:15m arrive at Moe's at 12:45
10. Any timetable that includes arriving at Springfield Mall between 12 and 2 (or arriving before and leaving after)
11. Around 23:10
12. Krusty can get to the Power Plant for 23:05 but would have to stay on the bus to get to the Kwik-E-Mart for 23:30, but he has to get off the bus to get the wallet.
13. Get the bus from Moe's at 09:30 to Shelbyville, then go backwards from Shelbyville to the mall for 11:05
14.  $11:45 + 2 \text{ hours } 25 \text{ mins} = 14:10$
15. 1045 from Shelbyville arrives at Kwik-E-Mart at 11:20. + 20 mins = 11:40, then there's no bus until 11:55, which arrives at the school at 13:00.  
So journey =  $1045 - 1300 = 2 \text{ hours } 15 \text{ minutes}$
