

The Gingerbread Man Rhyming Activity

Instructions

Print, cut out and laminate the pictures.

Explain that the Gingerbread Man only likes to put rhyming pictures into his gingerbread van.

Choose a rhyming string for the children to put into the van (an, og, at, ar). For example, "Today the Gingerbread man would like all of the pictures that rhyme with 'fat' to go into his van."

Support the children in selecting the pictures that are part of this rhyming string. These pictures can then be put onto the picture of the van, whilst the non-rhyming pictures can be put to one side.

Encourage the children to say the words and then repeat them as part of the rhyming string throughout the activity.

This activity can then be repeated for the other rhyming strings.
