

Here are some example acrostic Easter poems.

You can print it out, find another template online, create your own Easter acrostic poem in your red homeworking book, or make a poster.

Here are some simple steps to help you along the way:

Step 1: Write 'Easter' or another word that reminds you of Easter eg. 'Jesus' or 'family' vertically down the side of your page.

Step 2: Mind map words or phrases that remind you of Easter. (You may want to use the video from the RE section of the homeworking map, of the Easter story to help you!)

Step 3: Write your words or phrases along the lines (remember the word or phrase must start with the letter at the start of the line).

Step 4: Have fun!

Easter

By Kaitlyn Guenther

Everywhere chocolate is hidden
And
So many children have to
To look.
Easter is a great time of year, so
Remember not to eat the chocolate at once
