

# Heymann Primary and Nursery School

*Inspiring, motivating and supporting our children to be the best they can be.*

## Welcome to Heymann

We make sure that children and adults feel welcome in our school. Visitors often comment on our friendly and happy atmosphere.

Our supportive culture comes from the strong partnerships we develop between home, school and the community.

Our bright and sunny nursery is filled with fun and interesting activities for three and four year-olds. We are open to all children, including those who do not live in our catchment area or who do not plan on applying for a place in our Reception class.

Children have the opportunity to play outside with lots of toys and equipment. Inside, in addition to the purpose built nursery classroom with its own interactive whiteboard, they benefit from all the facilities of the school, like our large hall and stimulating sensory room.

Sessions are available for mornings, afternoons or whole days, using our wrap-around care option.

We offer full Wraparound Care each day - Breakfast Club from 7.30am with breakfast served, and HOOSC our after school club until 6.00pm serving a light meal/snack and also on-site holiday clubs which are run in the school holidays.

Our vision is to inspire and motivate children to be the best that they can be.

Our curriculum is designed to enthuse, interest and stimulate our children to want to learn, ask questions and find out more.

We want to offer the very best standard of education. In our school, we aim to provide a positive, safe environment where our children can:

- achieve their full academic and social potential
- become self-confident, responsible and independent
- know and understand themselves
- develop the skills to be life-long learners
- respect themselves, each other and the environment.

*"I think Heymann has a friendly atmosphere. I enjoy going because the teachers are great and I have lots of brilliant friends too!"*

*-Year 5 Pupil*

At Heymann, we strive to provide a fun and engaging curriculum for our pupils. The curriculum is planned around subjects and ensures children make progress as they move through the school. The work the children complete in different curriculum areas will mainly link to this theme, in order to help the children to develop their understanding. Our annual Spoken English and Sci-Tech contests develop ingenuity and confidence in many of our pupils. Pupils also enjoy exciting projects working with professional artists and authors.

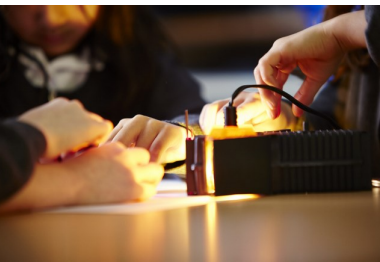

## Our Curriculum

During their time at school, children have the chance to take part in exciting residential visits. These outdoor and adventurous activities help develop the children's independence. We want every child to find what fires their imagination or sparks their passion.

*"Heymann has a well-deserved reputation as a friendly and welcoming place, where children's individual talents and potential are recognised and celebrated.—Governor*

## Inspiring learning

We offer a wide range of after school and lunchtime clubs. These are offered to children across the school and aim to help them to develop their passions and interests. Some are run by our teachers and others by external companies.

## After school Clubs

## Wraparound care

Many of our parents take advantage of the care we offer before and after the school day.

Our Breakfast Club and After School Club are run by school staff and operate five days each week from 7.30am until 6pm. Our wrap around care is available to all 3-11 year-olds. Please get in touch to find out about current fees.

If you would like to know more about our school or nursery, then please visit [www.heyman.notts.sch.uk](http://www.heyman.notts.sch.uk), or call the school office to arrange a visit. We look forward to welcoming you.
