

# Heymann Primary and Nursery School

*Inspiring, motivating and supporting our children to be the best they can be.*

## Welcome to Heymann

The nursery is led by a qualified teacher and supported by well-trained teaching assistants to ensure your child benefits from the highest quality nursery education. Our nursery classroom has resources and planned activities to enable the children to develop the skills and knowledge needed to prepare them for school. Children in our nursery also benefit from all the facilities of our primary school, like our large school hall and stimulating sensory room.

*“The effort the nursery team have put into making her time enjoyable is evident. She has progressed in every aspect...” Nursery Parent*

Our bright and sunny nursery is filled with fun and interesting activities for three and four-year olds. Children have the opportunity to play inside the nursery classroom and outside in the nursery garden.

Our purpose-built space is the only school-based nursery in West Bridgford. It has been designed to serve the local community, whether or not you live in our catchment area or you plan to stay at Heymann after nursery.

## Quality Education

## Our Nursery Places

Our Nursery has 39 places. We offer free places for children qualifying for either the 15 or 30 hour entitlement. We can offer five three-hour sessions a week, mornings, 8:30-11:30am, or afternoons, 12:15 to 3:15pm.

For those accessing 30 hours they can attend both morning and afternoon sessions each day. Please contact Alison Fielding in our school office for more details.

# Wrap-Around Care

We understand that lives are busy so our wraparound care provides flexible options for your child from 7:30am to 6pm. The current fees, and further details of our wraparound care can be found in the nursery section of our school website: [www.heymann.notts.sch.uk](http://www.heymann.notts.sch.uk)

*“I think he has been given the chance to thrive this year and I’m sure this will continue in reception. Both boys love Heymann!”*

*Nursery Parent*

Our nursery garden is designed to develop the children’s motor skills, imaginations and inquisitiveness. It includes lots of toys and equipment, including a mud kitchen, bug hotel, stage and balance beams.

## Outside learning

## Transition to school

We recognise the importance of transition throughout our school. When children are nursery age, having a familiar environment and faces the children recognise, leads to a smooth start to school life.

To help you child’s transition to school we work hard to develop the children’s confidence, independence skills and phonics. We also make strong links with our reception classes through shared topics and joint learning activities. Your child can also benefit from taking part in whole school events, such as achiever of the term assemblies, healthy living week and grandparents’ day.

If you would be interested in applying for a place in our nursery for your child please contact the school office on 0115 914 5035.
